

The Need
LOCALLY

In Twin Falls County, 14.5% of the population lives in poverty. That is over 10,000 people, including more than 2,000 children which is more than the combined attendance of both of Twin Falls' High Schools! Many of those in poverty have sub-standard housing. Sub-standard housing is defined as housing that is overcrowded, unsafe, non-existent (for the homeless) or too expensive (spending over 30% of the family's income on housing).

According to the latest census numbers, 3,563 households live in sub-standard housing in Twin Falls alone. The total for the United States is 95 million people who have housing problems – almost a third of the country. But we can and are making a difference. Here in the Magic Valley, we have helped 49 families get into simple, decent and affordable homes. Internationally, Habitat has helped over 10 million families.

Donations Needed:

Habitat is building with 3 families this build season! Including 1 remodel and 2 homes from the ground up. This fundraiser will increase the 2017 Build Fund.

COME PLAY GOLF TO HELP US BUILD

My name is Maria Eversole. I have 2 beautiful & amazing daughters: Jayden, a freshman at Canyon Ridge High School & Katiyana my 6th grader at Robert Stuart Middle School. We are so blessed & excited that we were chosen to be a partner family for Habitat for Humanity. They have helped us to make a long time dream come true. Being a single parent household has been challenging & rewarding but I must say knowing that we will have our very own home helps me in so many ways. I can now provide them a place to call home where they will be comfortable, stable, and safe & bring us even closer as a family. I can't express our immense gratitude that we feel for being given the chance to participate in an amazing program & succeed. Through all the ups and downs, God has proven that nothing is impossible thru Him & with Him we have discovered that thru family, friends, & this wonderful organization we are not alone & we will succeed because we haven't given up. Habitat for Humanity Magic Valley has given us so much love & hope that it has made everything to this point worth every minute. It's our light at the end of the tunnel & for this we will always be grateful & supportive. Thank you from the bottom of our hearts!
