

The Need **LOCALLY**

In Twin Falls County:

- 14.5% of the population lives in poverty. That is over 10,000 people, including more than 2,000 children which is more than the combined attendance of both of Twin Falls' High Schools!
- Many of those in poverty have sub-standard housing. Sub-standard housing is defined as housing that is overcrowded, unsafe, non-existent (for the homeless) or too expensive (spending over 30% of the family's income on housing).
- According to the latest census numbers, 3,563 households live in sub-standard housing in Twin Falls alone.
- The total for the United States is 95 million people who have housing problems – almost a third of the country.

But we can, and are making a difference! **Here in the Magic Valley, we have helped 49 families buy a simple, decent and affordable home.** Internationally, Habitat has helped over 10 million families. One family at a time!

Donations Needed:

Habitat is building with 3 families this build season! The builds will include 2 remodeled homes and we will be building 1 home from the ground up. Proceeds from this fundraiser will increase the 2018 Build Fund. Looking for trades now; Drywall, Siding, Roofer. Call 735-1233

We are truly grateful to have this opportunity to own our own home. I am looking forward to an exciting journey with my kiddos, this opportunity will

be a great way to show my kids what hard work and dedication can accomplish. It will show them that things are earned and not just handed out. My kids are super excited to start this new chapter in our lives. As of now, I and my five kid's ages 2 years old to 12 years old are living in a small two bedroom trailer that is not in good condition. They are ready to have a home that they can call their own, with more room and way better conditions than what we are in now. Being able to give our time to help someone else fix their house has helped me and my kids grow as a family and we have grown to love others along the way as our family too. To see how happy they are just knowing they are a step closer to getting their dream house. I know that's the exact feeling we get just helping. Thank you for helping us.
